

Nominee Registration:

The below procedure should be started once soft handle is created successfully in the mobile.

Step 1: Once soft handle is created, Go to <https://profile.xorkee.com/login.html>

Step 2: Enter the newly created soft handle and click Login button

Step 3: Once Login button is pressed, registered mobile gets notified and it asks for approval to login Xorkee profile manager.

Step 4: Confirm and authenticate the request in mobile, so that Xorkee profile manager will be logged in.

Step 5: Go to options in left corner and select Manage Nominee

Step 6: Click Add Nominee

Step 7: Enter any other known handle ID of Xorkee, which can be hard/soft token and press sign button.

On click of Sign button, signing approval is required in both handle IDs

Step 8: Once both signatures are approved, Nominee registration will get successful and it is like below
